

HEALTHCARE

Care that reaches the whole caseload.

Appointments, results and reminders delivered to the phone the patient already carries.

What your customers dial

***388*6#**

1. Book appointment
2. Test results
3. Nearest clinic
4. Reminders

Why USSD for this

- Works on every handset — no app, no internet
- Airtel, MTN and Zamtel from one integration
- Free 5-day trial, 120 sessions included
- Live on *388*N# in minutes

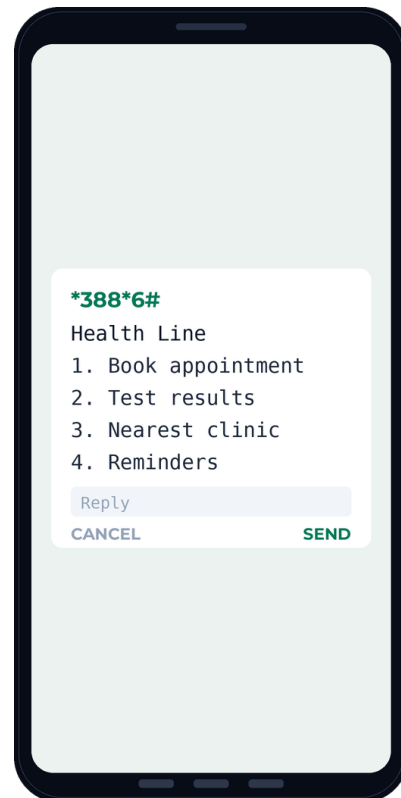

Getting started

Register at ussd.ontech.co.zm/dev/register and verify your email.

A *388*N# shortcode and API key are issued automatically — nothing to pay.

Point the code at your HTTPS endpoint; it is live within seconds.

Test free in the browser sandbox before a single customer dials.

One integration, all three networks

Airtel

MTN

Zamtel
