

Self-service that never goes down.

Bundles, balances and top-ups on the interface every subscriber already knows.

What your customers dial

***388*7#**

1. Buy a bundle
2. Check balance
3. Airtime top-up
4. My number

Why USSD for this

- Works on every handset — no app, no internet
- Airtel, MTN and Zamtel from one integration
- Free 5-day trial, 120 sessions included
- Live on *388*N# in minutes

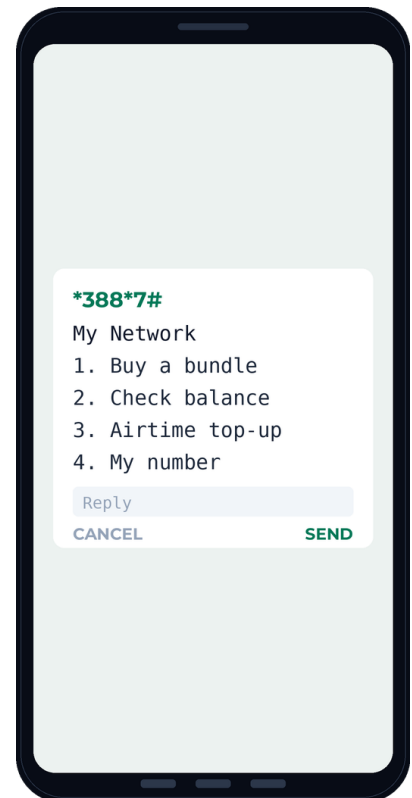

Getting started

Register at ussd.ontech.co.zm/dev/register and verify your email.

A *388*N# shortcode and API key are issued automatically — nothing to pay.

Point the code at your HTTPS endpoint; it is live within seconds.

Test free in the browser sandbox before a single customer dials.

One integration, all three networks

Airtel

MTN

Zamtel
